

OFERTA D'ACTIVITATS FORMATIVES

Programa de doctorat:

CIÈNCIA I ENGINYERIA DE MATERIALS

Codi: CEM 070-22-23

TÍTOL ACTIVITAT:

Metallic Materials Processing Laboratories

BREU DESCRIPCIÓ:

Safety and standard procedures in the Metallic Materials Processing Laboratories

Mechanical testing

Metallographic sample preparation

Heat treatments

Powder milling

3D printing

DURADA: 20 hores

RESPONSABLE (nom i cognoms): Jessica Calvo Muñoz

OFERTA D'ACTIVITATS FORMATIVES

Programa de doctorat:

CIÈNCIA I ENGINYERIA DE MATERIALS

Codi: CEM 071-22-23

TÍTOL ACTIVITAT:

Workshop

BREU DESCRIPCIÓ:

Regular meetings where the members of the research group present the evolution of their research.

In this activity, PhD students can learn from other researchers of the group and get experienced in the presentation of scientific results. The workshops promote the exchange of ideas and the critical evaluation of the results.

DURADA: 20 hores

RESPONSABLE (nom i cognoms): José María Cabrera
