About AGH UST

• one of the largest technical universities in Poland in terms of the number of students, independent scientists and researchers
• 100 years of colourful history
• top position in rankings
• more than 25,000 students
• 65.1% of graduates employed before completing their studies
• nearly 70 fields of study at 16 faculties
• 18 degree programmes offered entirely in English (1st and 2nd cycle)
• almost 100 courses available each semester within “AGH UST International Courses”
• e-learning
• 800 well-equipped laboratories
• one of the most powerful microscopes in the world – the latest generation Analytical Transmission Electron Microscope (S)TEM FEI Titan Cubed G.20 60-300; echo-free chamber (the most silent place in Poland); Prometheus - the most powerful supercomputer in Poland
• scholarship programmes such as Erasmus+, SMILE, Vulcanus, and others conducted within the framework of general agreements
• training schemes and internships in companies and production plants
• modern and the largest academic campus in Poland located in the centre of Krakow with stores, students’ clubs, post office, swimming-pool, kindergarten
• excellent sports facilities
• student organisations such as: Mountain Club, Diving Club, Cave Club, Ski Club and others
• Juwenalia – a traditional annual student festival with free concerts and colourful parade

AGH UST IN RANKINGS

ARWU Academic Ranking of World Universities 2020 - World Top 1000
AGH UST occupies the 3rd position among all Polish universities in the so-called “Shanghai Ranking”, a prestigious list of 1000 best universities in the world. Currently, the university’s rank range is 701-800.

Global Ranking of Academic Subjects
In the Global Ranking of Academic Subjects, developed by the team preparing the so-called “Shanghai Ranking”, there are 5 scientific disciplines from AGH UST:
• Metallurgical Engineering - rank range: 151-200 (AGH UST holds 1st position among Polish universities)
• Physics - rank range: 201-300 (AGH UST holds 2nd position among Polish universities)
• Mechanical Engineering - rank range: 301-400
• Energy Science & Engineering rank range: 301-400
• Mathematics - rank range: 401-500

Check out the AGH UST website!
Go global!

AGH UST educates more than 25,000 students and offers nearly 70 fields of study at 16 faculties.

The university also offers AGH Doctoral School in 16 disciplines and over 100 postgraduate courses. There are 18 degree programmes offered entirely in English (1st and 2nd cycle) and nearly 100 courses available each semester within “AGH UST International Courses". Each year AGH UST hosts students from all around the world, which surely contributes to its international atmosphere.

The AGH UST Department for International Students provides full-time and part-time international students, as well as exchange students, with assistance they may require. DIS supports exchange students that come to AGH UST within Erasmus+, SMILE, Fulbright and many other programmes. There are 920 agreements including general agreements, double diploma agreements, Erasmus+ and SMILE bilateral agreements.

Come to AGH UST and see it for yourself!
The magic of Krakow

Kraków (Polish pronunciation: [ˈkrakuf]); one of the largest cities in Poland; situated on the Vistula River (Polish: Wisła); one of the most famous and most frequently visited Polish cities; over seven million people visit Krakow every year.

former capital of Poland and one of the oldest cities in Poland

one of the most famous and most frequently visited Polish cities

cultural capital of Poland, famous for its bohemian atmosphere, great theatres, galleries and museums, live jazz music and much more...

offering fantastic cafes, pubs and restaurants where you can spend unforgettable moments with your friends

place where Karol Wojtyła (later known as Pope John Paul II) lived for four decades

major landmarks include the Main Market Square with St. Mary’s Basilica and the Cloth Hall “Sukiennice”, Wawel Castle, the National Art Museum, the Sigismund Bell at the Wawel Cathedral, and the medieval St Florian’s Gate with the Barbican along the Royal Coronation Route (www.krakow.pl)

popular points of interest near Krakow: Auschwitz (www.auschwitz.org), Ojców National Park & Castle (www.ojcow.pl), Wieliczka Salt Mine (www.kopalnia.pl)

John Paul II International Airport Krakow – Balice is the country’s second largest airport in terms of both size and number of passengers.

I’m from Mexico from Instituto Politecnico Nacional and I came to study at AGH UST within SMILE Programme. Krakow is a really beautiful city. What I really enjoy about Krakow is its security because all the people respect you and you can go alone with no problems at all. It’s a very nice place to meet new people because in Krakow everybody is very open-minded and willing to share their experiences with you. In fact, it is the ideal place to come if you are from Latin America and you are looking for a nice place to stay, take part in SMILE Program, Krakow is the ideal place for you.

José Carlos Guzmán Vera
Alumno del Instituto Politécnico Nacional / Mexico
Campus life

All of AGH UST buildings are located in one district in the centre of Krakow and cover the area of 40 ha. An integral part of the university complex is the largest student campus in Poland, the AGH UST Student Campus (in Polish: Miasteczko Studenckie AGH), covering the area of 13 ha.

Student dormitories ensure comfortable living conditions – access to the Internet, areas dedicated for learning, facilities for the disabled, TV rooms, and club rooms. Regular renovations and refurbishments are made to keep the room standard at a high level. The student campus offers nearly 8,000 beds in 20 student dormitories. In July, August, and September, the AGH UST Student Campus becomes the largest summer hostel in Krakow.

AGH UST students are represented by the AGH UST Student Council which organises the legendary annual student festival called Juwenalia. There are about 360 cultural events held in 4 student clubs, as well as many scientific and sporting events organized every year at the university campus. The university also hosts the University Board of Doctoral Students’ Government, the AGH UST Independent Students’ Union, and the AGH UST Section of Erasmus Student Network (ESN) which supports international students at each stage of their stay.

The AGH UST campus is located in the heart of Krakow. The AGH UST Main Building is only 1 kilometre away from the Main Market Square, hence it is possible to walk the distance within a few minutes. Getting to the Main Railway Station in Krakow, thanks to an extensive network of trams and buses, takes only 10 minutes, and getting to the John Paul II International Airport Krakow-Balice about 30 minutes.

I’m an Erasmus+ student for one year in Krakow, at the AGH University of Science and Technology. This big campus that the University offers is a great place for students with a lot of activities. Playing football, basketball, volleyball, tennis is usual here. There you can also spend some time with your friends because there are a couple of bars and restaurants. I really like to be here, it gathers many students from everywhere and you can meet many different cultures. This adventure is something incredible and I’m sure that I will miss it when I leave Miasteczko Studenckie AGH.

Antoine Pillot
IAE University in Lille / France
Welcome to AGH UST mobile app

Mobile application for AGH UST students

‘Welcome to AGH UST’ app (built for iOS and Android) is addressed to all international students who arrive at the campus for the first time and candidates willing to study at the AGH University of Science and Technology. Its main goal is to help students to move around the AGH UST Campus and provide them with indispensable information, including locations of AGH UST premises (faculties, dormitories, sports facilities, student clubs, copy centres, canteens and many more) with the function of navigation, events and news connected with student life as well as information about Krakow and its top attractions.

The project “JOIN US - All Great Stories Begin Here!” is a response to the constantly growing number of international students at AGH UST.

The programme is implemented as part of the project “Raising the competences of academic staff and the institution’s potential in accepting people from abroad - Welcome to Poland” under the Operational Program Knowledge Education Development co-financed by the European Social Fund.

Living costs and services

Facts about Poland

Poland:
• the 9th largest country in Europe (total area of 312,679 km²)
• population: around 38.5 million people
• capital city: Warsaw (over 1.7 million citizens)
• currency: Polish zloty

Climate:
• moderate continental
• average temperatures in summer: 18-30°C
• average temperatures in winter: around 3°C (northwest) and −6°C (northeast)

Traditional meals:
• pierogi (dumplings)
• kotlet schabowy (a type of breaded pork cutlet)
• bigos (a mix of cabbage, meat and mushrooms)
• goląbki (cabbage leaves stuffed with meat)
• rosół (chicken broth)
• zupa ogórkowa (cucumber soup – it’s really sour!!)
• żurek (sour soup with egg and sausage)

Living expenses in Krakow

In comparison to other European cities, Krakow is a relatively inexpensive place to live and study. Prices depend greatly on the city, but a student can get by on around 350 euros per month. An average cost of living for a student is about 400 euros.

Monthly expenses (average cost):
• rent in a shared flat (or dormitory) at the AGH UST Campus – 85-100 euros;
• food – 150-200 euros;
• transportation – 15-20 euros;
• mobile phone/internet/TV – 20-30 euros;
• study materials – 30-50 euros;
• other expenses (leisure/entertainment) – 70-100 euros.

Examples of some other selected prices:
• bread (1 loaf) – 0.8 euro;
• milk (1 litre) – 0.7 euro;
• lunch in a canteen – 5 euros;
• coffee in a café – 2 euros;
• cinema ticket – 5 euros.

Monthly expenses (average cost):
• rent in a shared flat (or dormitory) at the AGH UST Campus – 85-100 euros;
• food – 150-200 euros;
• transportation – 15-20 euros;
• mobile phone/internet/TV – 20-30 euros;
• study materials – 30-50 euros;
• other expenses (leisure/entertainment) – 70-100 euros.

Degree programmes in English

FIRST-CYCLE DEGREE PROGRAMMES:

- Electronics and Telecommunications
  Faculty of Computer Science, Electronics and Telecommunications
- Mechatronic Engineering
  Faculty of Mechanical Engineering and Robotics
- Energy Engineering: Energy Transition
  Faculty of Energy and Fuels
- Renewable Energy and Energy Management: Sustainable Energy Systems
  Faculty of Energy and Fuels
- Computer Science
  Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering
- Automatics Control and Robotics: Cyber-physical Systems
  Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering
- Computer Science and Intelligent Systems: Artificial Intelligence and Data Analysis
  Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering
- Electrical Engineering: Smart Grids Technology Platform
  Faculty of Electrical Engineering, Automatics, Computer Science and Biomedical Engineering
- Geophysics: Applied Geophysics
  Faculty of Geology, Geophysics and Environmental Protection
- Management: International Management
  Faculty of Management

SECOND-CYCLE DEGREE PROGRAMMES:

- Materials Engineering: Functional Materials
  Faculty of Materials Science and Ceramics
- Non-Ferrous Metals Science and Engineering: Modern Materials, Design and Application
  Faculty of Non-Ferrous Metals
- Mechatronic Engineering: Mechatronic Design
  Faculty of Mechanical Engineering and Robotics
- Applied Geology: Economic Geology
  Faculty of Geology, Geophysics and Environmental Protection
- Mining Engineering: Mining Engineering
  Faculty of Mining and Geoengineering
- Computer Aided Process Engineering: Virtualization of Foundry Engineering
  Faculty of Foundry Engineering
- Sociology: Technology and Society
  Faculty of Humanities
- Oil and Gas Engineering: Petroleum Engineering*
  Faculty of Drilling, Oil and Gas

* Planned to be conducted

The staff of AGH UST Department for International Students will help you at each stage of your application procedure and stay at our University. Visit us after your arrival!

We offer:
- the highest-standard service
- support in application procedures
- tips on the legalization of stay
- information about scholarships
- help in everyday matters

Find all the information you need! Our website is available in such languages as Polish, English, Spanish, Chinese, Russian and Vietnamese.

Degree student

Become a degree student at AGH UST

STEP I
Register in the e-Rekrutacja system via www.international.agh.edu.pl

STEP II
Choose a field of study. Education offer available at: www.international.agh.edu.pl/eng/regular-studies/education-offer

STEP III
Pay the recruitment fee

STEP IV
Upload required documents. The list available at: www.international.agh.edu.pl/eng/regular-studies/documents

STEP V
Candidates for:
- first-cycle (Bachelor) programmes - pass the online language examination or upload the certificate;
- second-cycle (Master) programmes - pass the online entrance examination

STEP VI
In case of acceptance register for studies at AGH UST Department for International Students and submit the originals of required documents

MEDICAL CERTIFICATE
During the registration process, you may be asked to provide a medical certificate stating that there are no contraindications to undertake education in the chosen field of study and form of education.

CONTACT
international.students@agh.edu.pl

Learn more about regular studies!
Necessary documents

FIRST-CYCLE DEGREE:
- passport page with a candidate’s photo and personal data to verify the correctness of the entered personal data
- secondary school leaving certificate with legalization or apostille
- official transcript of records with a scale of grades
- CV in English (in Polish if you wish to study in Polish)
- certificate of your proficiency in English (in Polish if you wish to study in Polish)

SECOND-CYCLE DEGREE:
- passport page with a candidate’s photo and personal data to verify the correctness of the entered personal data
- higher education diploma with legalization or apostille
- official transcript of records with a scale of grades
- CV in English (in Polish if you wish to study in Polish)

Legalization of foreign documents of education
To find out more about the legalisation of secondary school leaving certificates and higher education diplomas, including apostille, check out the link to our website.

Certified translations of documents
For more information about translations, concerning your education documents, please visit our website.

I am Doan Manh Ha from Vietnam, a fellow of the UNESCO / Poland Co-Sponsored Fellowships Programme in Engineering, edition 2017 A. The six-month fellowship at AGH UST gave me one of the most valuable chances to become a more independent and self-confident person. It enriched my inner world, prepared me to cope with work under pressure and made me eager to learn. Luckily after the fellowship, I got the scholarship to continue my studies at the second-cycle degree of Economic Geology at AGH UST. With the support of advanced technologies and modern laboratories, under the supervision of expert professors, I am always encouraged to think outside the box, express my ideas and find the optimal solution to complete tasks. Besides, AGH UST also offers me a multicultural environment where I can meet people from all over the world with diverse cultural background, share knowledge and broaden my mind. I kindly recommend AGH UST to people who would like to discover their hidden abilities and improve their interpersonal skills. I follow my passion, I choose AGH UST.

Doan Manh Ha
Faculty of Geology, Geophysics and Environmental Protection
Vietnam
Exchange student

Become an exchange student at AGH UST

STEP I
Visit the AGH UST Department for International Students at www.international.agh.edu.pl

STEP II
Check at your university if there is a bilateral agreement between AGH UST and your university. It can be a bilateral agreement signed within the framework of a particular programme or a general agreement. If there is no bilateral agreement between the universities, you can initiate that process at the AGH UST Department of International Relations: dwz@agh.edu.pl

STEP III
Follow the qualification procedures of your International Office.

STEP IV
Make sure that the nomination from your home university is sent to AGH UST.

STEP V
Follow the qualification procedures of AGH UST sent by the Department for International Students.

Necessary documents

- CV in English (in Polish if you wish to study in Polish)
- certificate of your proficiency in English (in Polish if you wish to study in Polish)
- photocopy of your passport/ID
- transcript of records
- proposal of the Learning Agreement based on the AGH UST International Courses

Contact
exchange@agh.edu.pl

REGISTRATION DEADLINES!

- 30th June - for the winter semester
  (October – February)
- or the whole academic year
- 30th November - for the summer semester
  (March – June)

My name is Damarys and I came to Poland all the way from Venezuela. I was able to do it thanks to SMILE Programme which is an exchange programme that links Latin America with the rest of the world, something like Latin Erasmus. In Latin America we don’t have so many scholarships and exchange programmes as in Europe and a lot of people from our countries don’t even know that SMILE exists and offers a plenty of opportunities. Please, students from Latin America, go right now to International Departments of your universities and ask about it!

REGISTRATION DEADLINES!
Postgraduate studies and AGH Doctoral School

Postgraduate studies are additional studies offered at the AGH University of Science and Technology. In order to apply you need to hold a Bachelor degree. AGH UST offers more than 100 postgraduate courses aimed at engineers and people who are interested in obtaining a new specialization. You can also enrol on postgraduate studies in English - Drilling Engineering, which educates people working or looking for a job in the petroleum industry.

AGH Doctoral School

The AGH University of Science and Technology gives graduates the opportunity to broaden their knowledge at AGH Doctoral School in 16 disciplines. All of them are run in Polish and English.

Research carried out by the AGH Doctoral School is divided into 16 disciplines. Drilling Engineering is one of them. This discipline offers a range of courses aimed at engineers and people interested in obtaining a new specialization. You can also enrol on postgraduate studies in English - Drilling Engineering, which educates people working or looking for a job in the petroleum industry.

Detailed information on disciplines available at AGH Doctoral School and contacts can be found on our website.

Language requirements and courses

Polish language certificates

In case of applying for admission to the first-cycle (Bachelor) degree programmes in Polish, the documents confirming knowledge of the language of studies include:

1. A secondary school-leaving certificate (Twardek) obtained in the Polish education system.
2. A certificate or statement of completing a one-year preparatory course to study in Polish in entities designated by the minister responsible for higher education at the minimum level of B2.
3. A certificate of knowledge of Polish language issued by the State Commission for the Certification of Knowledge of Polish as a Foreign Language at the minimum level of B2 as defined in the Common European Framework of Reference for Languages.
4. A certificate issued by the AGH UST Department of Foreign Languages confirming the use of Polish at the minimum level of B2 as defined in the Common European Framework of Reference for Languages.
5. A certificate or statement confirming knowledge of Polish at the minimum level of B2 within the meaning of the Common European Framework of Reference for languages issued by a language school or any other educational institution conducting Polish language courses.
6. A higher education diploma (at least a first-cycle degree) from studies held in Polish language or a certificate of graduation with information about professional title obtained together with the university’s annotation of the lecture language if the diploma has not yet been released to the candidate.

In case of applying for admission to the second-cycle (Master) degree programmes, a positive result of the entrance examination for studies confirms the use of the language in which the studies will be conducted, at the minimum level of B2.

In case the candidate does not upload a scan of the required document, he/she will need to take an online examination confirming knowledge of Polish language.

Detailed information on recognized English language certificates can be found on our website.

English language certificates

In case of applying for admission to the first-cycle (Bachelor) degree programmes in a foreign language (English), the documents confirming knowledge of the language of studies include:

1. A document confirming knowledge of the foreign language in which the studies are conducted, listed in Appendix 2 to the Order of the Prime Minister of 16 December 2009 on the manner of conducting qualification proceedings in the civil service (available at the website www.international.agh.edu.pl) at the minimum level of B2, as defined in the Common European Framework of Reference for Languages.
2. A certificate or another document confirming the completion of a post-primary school abroad in which classes were conducted in the same foreign language in which the non-national will study in Poland.
3. Certificate issued by the AGH UST Department of Foreign Languages confirming the use of the foreign language in which the studies will be conducted, at the minimum level of B2, as defined in the Common European Framework of Reference for Languages.
4. A certificate or statement confirming knowledge of a foreign language at the minimum level of B2 as defined in the Common European Framework of Reference for Languages, issued by a language school or educational institution conducting examinations or foreign language courses;
5. A graduation diploma issued in the Republic of Poland (at least a first-cycle degree) from studies held in a foreign language or a certificate of graduation with information about professional title obtained together with the university’s annotation of the lecture language if the diploma has not yet been released to the candidate.

Detailed information on disciplines available at AGH Doctoral School and contacts can be found on our website.

Legal arrangements - useful information

Once you have been accepted as an international student to AGH UST, you have to start arranging other documents that will make your stay in Poland a legal one.

Visa
When the candidate has been accepted to the university by the Rector of AGH UST, on the candidate’s request the university can issue an official letter to the embassy informing about this fact and the conditions of formal/final registration. Please remember to make sure that you meet other requirements from the Embassy.

Temporary Residence Permit
If you are a non-EU citizen, this document allows you to stay in Poland for the period of no more than three years (after that you have to reapply for the Permit).

Please remember that you have to:
• apply for the Permit before your visa expires,
• fill in an Application Form and submit all necessary documents to Malopolska Provinclional Office in Krakow (see: www.malopolska.uw.gov.pl),
• prove that you have sufficient funds to cover your stay in Poland (e.g. with the bank statement).

Financial security
You need to possess sufficient funds to cover the cost of living on the territory of the Republic of Poland, the cost of return to your home country, and the documents confirming your financial means.

Department for International Students will provide you with all the necessary help (in case you need a Polish-speaking guide, we will ask a Polish student to help you with the formalities), but you need to bear in mind that most legal arrangements require your personal contact.

Legalization of foreigners’ stay on the territory of the Republic of Poland can be arranged in the Foreigners’ Affairs Unit. Visit the website for more information.

REMEMBER
Make sure you collect all necessary documents before you leave your country!

Insurance
You need to possess the Health Insurance!

Please remember that:
• It is one of your responsibilities as an international student to make sure that you have a valid insurance during your entire stay at AGH UST.
• You will be responsible for covering all insurance costs.

IMPORTANT
On the student’s request, AGH UST can pay monthly premiums to the National Health Fund for those insured students who either possess a valid Card of the Pole (Karta Polaka) or are citizens of Polish descent.
Scholarships

THE GEN. ANDERS PROGRAMME

• It is addressed to foreigners of Polish origin.

• It enables young people of Polish origin and holders of the Card of the Pole (Karta Polaka) to study in Poland (full-time programmes, in the Polish language) in higher education institutions supervised by the Ministry of Science and Higher Education.

• Foreigners who have documented their Polish origin and holders of the Card of the Pole (Karta Polaka – the holders of Karta Polaka do not have to document their Polish origin) are eligible to start their first and second-cycle studies as well as single master degree studies - in case of the first-cycle studies and master degree studies, they may start their studies 2 years after the matriculation exam at the latest, and in case of the second-cycle studies - two years after the completion of Bachelor studies at the latest and they cannot be older than 26.

The approved candidates may participate in one-year preparatory course before the beginning of their studies. Candidates are selected on the basis of the calls for proposals announced on annual basis.

THE LUKASIEWICZ SCHOLARSHIP PROGRAMME

• Scholarship holders will be first recruited from the following countries: Angola, Colombia, Ethiopia, India, Indonesia, Kenya, Lebanon, Mexico, Myanmar, Nigeria, Palestine, Peru, the Republic of South Africa, the Philippines, Senegal, Tanzania, Uganda and Vietnam.

• It enables to undertake tuition-free 2nd cycle studies (Master degree studies) at public universities in Poland, in the following areas of study: engineering and technical sciences, natural sciences and agriculture.

Second-cycle studies are preceded by a preparatory course to facilitate undertaking studies in Poland, which is also covered by the scholarship. The preparatory course is aimed at teaching the scholarship holders the Polish language, familiarising them with Polish culture and introducing them to subjects related to the course of their future studies.

THE BANACH SCHOLARSHIP PROGRAMME

• It offers an opportunity to pursue the full-time second-cycle studies in Polish in the field of engineering and technical, agricultural, applied and life sciences at public and non-public universities. Its participants benefit from an exemption from public university fees and a monthly Scholarship from NAWA in the statutory period of studying in Poland.

• Scholarship holders will be first recruited from the following countries: Belarus, Ukraine, Armenia, Azerbaijan, Georgia, Moldova, Kazakhstan, Kyrgyzstan, Uzbekistan, Tajikistan, Turkmenistan, as well as the following Western Balkan countries: Albania, Bosnia and Herzegovina, Montenegro, Kosovo, North Macedonia and Serbia.

The candidates shall be qualified under the competition procedure, based on the results of an interview conducted by an Evaluation Committee appointed by the Director of NAWA, composed of the academic researchers representing Polish higher education institutions. The candidates themselves select the university and the field of study, based on the educational offer of Polish higher education institutions.

OTHER SCHOLARSHIPS

• can be granted on the basis of international agreements,

• Visegrad Scholarship Program,

• Poland My First Choice Programme,

• Exchange Programme for students and scientists as part of bilateral cooperation – offer for incoming students and scientists,

• and more...
Adapter

Adaptation Programme

On the one hand, student life is a period of the so-called “happy freedom”, the beginning of independence and making first important and binding decisions in life but, on the other hand, it can become an extremely difficult time. Therefore, the AGH University of Science and Technology in Krakow has decided to help students beginning their programmes of study at the university. In order to support them, the Division for Student Affairs runs an adaptation programme ADAPTER, the goal of which is to take care of young people during the adaptation process in their first years at AGH UST.

The aim of the programme is to help students to adapt to the new environment without the feeling of alienation and angst.
