

Rules on the TFE plans:

1. All plans shall be in a standardised format (A0, A1, A2, A3, A4).
2. All plans shall be submitted in a suitable format, with a box and clearly labelled.
3. The plans must be scaled according to UNE standards and the scale must appear on the plans.
4. All plans shall be presented dimensioned and with the necessary annotations to make it a definitive plan (e.g. roughness, surface finish, tolerances if necessary).
5. Drawings shall distinguish the type of lines according to the thicknesses and styles of the lines themselves.

BOX

The box must identify the part of the plan that contains it. The dimensions of the box must be such that when the plan is folded, it is completely visible. The box will be designed by the student, to suit the type of work to be carried out, and the same box format must be used in all the plans of the work.

At least the following must appear in the box:

- Plan designation // Plan number // Scale /// Drawn by / date // Date
Checked by / date /// The EEBE logo /// The title of the Thesis /// Remarks.
